

Ball, Parade, Ridefest Highlight 19th Rodeo

Crowds Deluge Village

Hundreds of booted and spurred Western hands began pouring into Palm Springs today, their sights set on the lucrative prize money in the 19th Annual Mounted Police Rodeo tomorrow and Sunday.

First rodeo event at the Polo Grounds isn't scheduled until 2 p. m., tomorrow, but the horde of new arrivals and anticipatory villagers will be in a rodeo mood long before that.

A RODEO BALL at El Mirador Hotel at 7:30 p. m., tonight, and a Rodeo Parade—from El Mirador Hotel to Ramon Road via Palm Canyon Drive—at 10 a. m., tomorrow, will have provided color and excitement for the Village.

The dance at El Mirador will provide music by the Billy Allen Orchestra, introduce Sheriff Eugene Biscailuz and other rodeo dignitaries and will award a prize for best Western costume worn by men and women. (Details on that event are carried in today's Society Section.)

DRIVERS WARNED ON PARKING DURING PARADE

"No parking" regulations on Palm Canyon Drive and Indian Avenue were established today by Police Chief August G. Kettmann during tomorrow's Rodeo Parade.

The areas extend from Alejo to Baristo on Palm Canyon Drive and on the west side of Indian Avenue from Baristo to Ramon. Hours will be in force from 9 a. m. to noon.

gene Biscailuz and other rodeo dignitaries and will award a prize for best Western costume worn by men and women. (Details on that event are carried in today's Society Section.)

The parade—one of the best-loved of all rodeo features—begins at 10 a. m., tomorrow, with five bands heading a separate division each. Riders from throughout Southern California and from Arizona, Nevada and other states will vie for prizes in a wide variety of categories.

RODEO CHAIRMAN Joe Butler, Grand Marshal Robert Horton, Hostess Barbara Stanwyck, ex-Los Angeles County Sheriff Eugene Biscailuz and Honorary High Sheriff Paul Coates will head the parade in its line of march through town with hundreds of horsemen to follow them.

Included will be some of the fanciest decorated cayuses in the Far West. Silver, gold and diamond-studded saddles will be a dime-a-dozen here tomorrow and some of the horsemen—like Monty Montana, "Wrangler Jim" Marshall and the La Puente Valley Rough Riders—have achieved national reputations for their riding and showmanship abilities.

THE RODEO WILL feature bareback riding, calf roping, steer wrestling, saddle bronc riding and brahma bull riding with contestants vying for thousands in cash prizes and points toward Cowboy of the Year awards.

Rodeo admissions are priced at \$3.50, \$2.50 and \$1.50 with all proceeds aimed at purchasing additional or improved equipment for use by the Palm Springs Mounted Police in emergency and rescue work.

'Honor' Cards Issued Today To Students

Semester report cards were issued to high school students today under the school's new "honor system."

This year, the cards will not require the normal parental signatures, which show that parents have seen them.

Students are now honor-bound to show the cards to their parents or guardians, according to Dan Angell, high school counselor.

AIRPORT PLANNERS, COUNCIL MISS OUT ON JOINT SESSION

A meeting of the Airport Planning Board was adjourned to a later date yesterday after a quorum failed to show up.

Yesterday's meeting was to be a joint session of the Planning Board and the City Council, and only five members of the committee were present (seven of the 12 members make a quorum) and none of the City Council were there.

Next meeting will be set by the chairman of the committee, Maj. Gen. Victor Bertrando, at a later date.

Khrushchev Invitation Hostile; 'No Plans' for Ike Soviet Trip

Fund Drive Started by 'Our Lady'

\$65,000 Building Program Planned By Catholic Church

A \$65,000 building campaign for Our Lady of Solitude Catholic Church here got under way officially last night when men of the parish met to map the drive here.

Rev. William G. Goodrow, pastor of the church, had announced the parish's "critical need" for additional space at all Sunday masses and had indicated that a concerted campaign would be launched immediately to remedy the situation. Some 100 persons stood at the masses conducted in the church on Sunday.

CAMPAIGN DIRECTOR Jack Greeley said that last night's meeting was the first step in the campaign. He said a campaign chairman would be appointed immediately to take charge of the drive.

A memorial gifts phase will be the first step in the campaign with parishioners asked to designate some item or structure within the proposed additions or building as their gift. The memorial gifts phase is slated to begin on Tuesday.

CONSTRUCTION ON the present church was completed in 1929 with parishioners "making do" with that structure in spite of tremendous growth, particularly in winter months.

Proposed for construction by Rev. Goodrow is an enlargement of the present sanctuary to allow for seating of 80 additional persons. Two new side altars and an altar rail are also included. A new pulpit, baldquin, barados and sacristy are also planned.

LIVING QUARTERS are also scheduled for enlargement, with a bedroom and study to be provided for the pastor and facilities for visiting clergymen.

Two new classrooms are to be added to the second structure and will be located on property behind the church that has been newly-acquired.

COUNTRY CLUB ESTATES residents met at Cielo Vista School last night to thrash out the pros and cons of annexation to the City of Palm Springs. Homeowner Bob Augustine, right, takes the floor to offer his opinion on annexation of the tract, which is adjacent to the east city limits. Moderating the meeting at the head table were Jim Schlecht, president of the Country Club Estates Homeowners Association, left, and Ray Lockwood, association secretary. (Desert Sun Photo)

COUNTRY CLUB RESIDENTS NIX ANNEXATION TO CITY

Residents of Country Club Estates, a fringe area tract containing some 500 potential city voters, last night displayed a negative outlook towards annexation to Palm Springs.

Most of the 50 home owners attending a subdivision meeting said they were opposed to any annexation proceedings "at this time," but left the door open for future negotiations.

THE MEETING, held at Cielo Vista School, was called by Jim Schlecht to sample opinions of tract residents on the possibility of joining the city.

Schlecht, president of the Country Club Estates Homeowners Association, said the development houses more than 1,000 citizens, including at least 500 adult voters.

Biggest argument against annexation is the city dump, which dissenting residents singled out as an odiferous eyesore to dwellers in the tract located on the city's east limits.

OTHERS POINTED to an increased tax rate, which goes up an average of \$36 per home following annexation. A few expressed dissatisfaction with the city government and expressed the desire "to stay just as we are."

Leading the debate, which progressed in an amicable fashion, Schlecht pointed out that the tract "is logically next in line for annexation if the city wants to come east."

He indicated the improvements to be realized in police and fire protection and noted that the voting power of the tract would give

residents a large voice in city affairs.

"WELL," DRAWLED one annexation opponent, "the city needs us more than we need them—let them make us an offer."

Annexation proponents, however, countered by voicing the opinion that the need was a mutual one. Arguments hinged on the city dump were answered by Kaye Hall, a tract resident who also holds the title of city park and recreation director.

HALL SAID THAT plans have been ordered to convert the dump into a city park. But, he pointed

out, tract residents will have little voice in the future of the dumpsite if they are not residents of the city.

Schlecht reported that the county expects to enter condemnation proceedings for a new dumpsite early this spring. They expect to have the new dump, located a mile south of Ramon Road and a mile east of Date Palm Drive, "sometime next fall," Schlecht said.

Leaving the door open for future negotiation, Schlecht said another meeting will be called, "if and when tract residents express enough interest in annexation."

PUC Revokes Certificate Of Outpost Water Firm

The California Public Utilities Commission today revoked the certificate of public convenience and responsibility of the Palm Springs Outpost Water Company, indicting the company for its "inadequate, insufficient and unreliable service."

In a strongly-worded decision based on testimony taken at a PUC hearing here on Dec. 22-23, the Commission said that the Outpost utility firm had operated in such a manner as to constitute a "public hazard."

THE PUC ALSO awarded the certificate of public convenience and responsibility to the Palm Springs Water Company. At the hearing, the Palm Springs Water Company had indicated that it

would be able to furnish service in the Outpost area "within 12 days" of notification by the PUC.

The December hearing came about as a result of a protest filed July 8, 1958, by the Palm Springs Outpost Community Association. The association represented the 106 water customers in the area 4½ miles east of Palm Springs and south of Ramon Road.

THE PUC POINTED out that the Outpost Water Company did not send a representative to the December hearing and added that customers testified that they also had difficulty contacting company officials.

Rates for the service by the Palm Springs Water Company for Outpost customers are to be the same as the firm now charges in Palm Springs.

Trading Stamps Not Needed, Collector Finds

Police today sought a trading stamp collector who managed to collect \$78 worth of merchandise without turning in his stamps.

Mrs. Ann Wallace, manager of the S&H Green Stamp store at 444 North Palm Canyon Drive, said the articles were taken from store counters while she was in a storeroom getting merchandise for a Green Stamp customer, police said.

Items taken included a table model radio, a wrist watch and a movie camera.

White House Hits Nikita's 'Insincerity'

President Willing To Meet Khrushchev 'In Cause of Peace'

THOMASVILLE, Ga. (UPI)—The White House today bluntly challenged Soviet Premier Nikita S. Khrushchev's sincerity in inviting President Eisenhower to Russia and said Eisenhower had no present plans to make such a visit.

After studying reports on Khrushchev's Moscow speech of Thursday overnight in Washington and here at the vacation White House, Eisenhower's spokesman, Press Secretary James C. Hagerty, pointed out that the so-called Soviet invitation was contained in a speech which also included "very hostile references to U. S. leaders."

"IT SEEMS STRANGE that Premier Khrushchev, if he really welcomes a visit by the President, would extend it in such circumstances," Hagerty said.

Khrushchev, in addressing the 21st Congress of the Communist Party in Moscow, publicly invited Eisenhower to come to the Soviet Union, "bring anyone he likes" and go anywhere he wants.

The Soviet Premier at the same time, was bitterly critical of "discrimination" which prevents his coming to the United States. He also attacked the Western stand on Berlin.

AFTER FINDING the manner of extending the invitation strange, Hagerty continued:

"The President has no present plans to make such a visit—in fact, he hasn't received any invitation, except through reports of an off-hand invitation extended in a political speech."

The White House was careful, however, not to slam the door on a future meeting between Eisenhower and Khrushchev.

"Ever since he has been in office," Hagerty said, "President Eisenhower has always made it clear that he was willing to go anywhere in the world if by so doing such a visit would serve the cause of peace."

"Should future developments suggest that a visit to the Soviet Union or anywhere else would serve to advance this cause, then it certainly would be considered."

Police Capture Kidnapers After Top-Speed Chase

VACAVILLE — (UPI) — The wife of a wealthy Dixon rancher was kidnapped from her home early today by a man armed with a shotgun, then rescued nearly six hours later, after a wild, high-speed chase.

One police car was wrecked, another had its windshield shattered by a shotgun blast and the victim, Mrs. Faye Dawson, 65, suffered a slight cut on her neck from flying glass before the chase ended at 6:40 a.m. 50 miles northeast of San Francisco.

Twenty cars of police, highway patrolmen and sheriff's deputies were involved in the pursuit.

The kidnaper was identified as Charles D. McArthur, 40, Dixon. He was taken to the Solano County sheriff's office at Fairfield,

ALICE FAYE RETURNS to show business via television tonight when she joins husband Phil Harris on his hour-long, NBC show. The lovely, blonde, screen star retired 14 years ago to take up the role of "just plain Mrs. Harris." Harris, who is honorary Rancho Mirage Mayor, and his wife are veteran resort area residents. They have frequently ventured from their Thunderbird home to take

a leading place in civic and community affairs, donating much of their time to promote various desert area projects. Tonight, Phil and Alice, who confides that she's "a little nervous after all these years," mark their first television appearance together at 8 p. m. on NBC Channel 4 on the debut of "The Phil Harris Show" with guest stars Betty Hutton and Dean Martin (Gayle Studio Photo).

Golf Course Facts Listed

Facts and figures concerning the lease-purchase of the Palm Springs Municipal Golf Course were released both at the Mayor's Coordinating council meeting at noon Wednesday night and at the hearing held Wednesday night, and are listed for the information of local residents and businessmen.

The course, located at the southeast city limits of Palm Springs, is contained in an area of 140 acres, and includes a completed 18-hole course, five acres of parking, and a clubhouse site.

Yearly payments will amount to \$62,500, and will include taxes and interest. The payments will be included in the purchase price.

Interest on the lease-purchase will be completed after the first five years of operation, and all yearly payments will be made at the end of a year's operation.

OPERATION OF THE golf course will be under the direction of a Municipal Golf Course Commission, appointed by the City Council and responsible to the City Council. They will determine the operation of the course, setting of fees, appointment of the professional, and the establishment of a clubhouse.

Projected figures on the club's operation indicate a successful venture for the city. Acting City Manager Shelby Langford reported that a survey of possible costs indicate that the course will cost between \$75,000 to \$100,000 to operate, and pointed out that if an average of 150 people played daily on the course for six months at a fee of \$3.50, the revenue returned to the city would approximate \$97,000. (This does not indicate that the green fees will be \$3.50, in fact the discussion of them is closer to \$2.)

THE MUNICIPAL Course will be open year-round for the pleasure of residents and visitors.

In a resolution of intention to lease-purchase the course, the City Council Wednesday night set up nine conditions for the deal. These conditions were as follows:

(1) THE CITY COUNCIL will appoint a Golf Course Committee to check into the nature and development of the golf course to date, and to make recommendations to be adopted and incorporated in a lease-option agreement.

(2) Westview Development Corp. shall complete the remaining seven holes, the same as the previous fairways have been done in accordance with the company's plan, shown to the city council.

(3) THE SITE LEASED will be a complete ready-to-play course together with the following: a. Five acres of off-street parking, installed and completed; b. a golf driving range; c. a one acre site for clubhouse.

(4) Westview shall supply a detailed inventory of golf course equipment of a value of not less than \$15,000.

(5) The Golf Course Committee will make recommendations of which roads leading to the course will be dedicated.

(6) IT IS CONTEMPLATED that the lease rental will be \$62,500 a year. There shall be an option to purchase during the lease, with the total purchase price and interest not to exceed \$1,040,000, the period of option and interest to be worked out by the committee and to the satisfaction of the council.

(7) Westview shall provide an engineering report showing the water well on the golf course will produce at least 1,000,000 gallons per day.

(8) THE CITY SHALL have the right to tie onto the Palm Springs Water Co. line and shall pay for any water used.

(9) Westview shall supply a legal description of the lands to be leased, and a policy of title insurance.

The statement of policy and intention is not an offer or other preliminary negotiation, but was adopted solely for the purpose of indicating what would be favorable terms for a lease-option of a municipal golf course site.

DEVELOPER TO RE-SUBMIT BUS DEPOT-STATION PLANS

City Planning Commissioners this week offered their "encouragement" to planners of a new Indian Avenue gas station and Greyhound Bus depot.

Commission approval of the proposed station-depot, located on Indian property in the downtown business district, apparently hinged on the location and size of its driveways and the problem of traffic control.

THE COMMISSION asked developer John Stainbrook to re-submit his station plans, blueprinting his driveways in accord with state highway standards for a "maximum of safety."

Stainbrook appeared before commissioners in a public hearing on his application for a conditional use permit for construction of the station on the southeast corner of Saturnino and South Indian Avenue.

HEARING WAS ordered continued until the next commission meeting when Stainbrook agreed to re-draft his plans. No protests were registered at the hearing.

His plans encompass a service station with 12 pump stanchions, fronting on Indian Avenue, and a bus depot building, bus ramps and a 200-car parking lot on the eastern portion of the site.

Stainbrook reported that Greyhound officials "are eager to leave their present depot."

"BUT," HE NOTED, "they claim that they don't have enough Palm Springs business to justify the expense of a large depot project."

Stainbrook said the proposed new depot building is "the best facility that can be made available for Greyhound."

Improvement Group to Meet Saturday Night

DESERT HOT SPRINGS — A pot luck dinner, accordion music and colored slides will augment the Desert Hot Springs Improvement Association's second 1959 meeting at 6:30 p.m., tomorrow, in Town Hall.

Dr. James Compton, president of the DHSIA, said yesterday that the entire community is invited to join in the pot luck dinner.

Raymond Catalano, youthful DHS accordionist, will play for the group and will also sing several songs.

Ole Hanson, Yucca Valley resident who was an official at last year's World Fair in Brussels, Belgium, will take over the program following the business meeting at 7:30 p.m. He will show colored slides and narrate his experiences at the fair. The slides also include pictures of Norway, France, Sweden and Denmark.

He also pointed out that the gas station-depot is part of an integrated commercial development which will eventually cover 500 feet on Indian Avenue, running south from Saturnino.

INDICATING A proposed amendment to service station zoning provisions, Stainbrook noted that his station site is almost 500 feet away from the nearest existing station.

"It will be the second service station built on Indian Avenue in the last five years," he remarked, "so I don't think you'll have to worry about overcrowding."

However, commissioners were concerned about safety factors. They indicated that station driveways marked on drawings displayed by Stainbrook might prove unsuitable.

IT WAS SUGGESTED that he re-draw his plans, conforming to the safety standards set up by the state for regulation of service stations fronting on state highways.

Stainbrook was agreeable, but, he pointed out, "it doesn't seem right to go ahead and draw up complete plans if the commission is going to reject them anyhow."

"Couldn't I have some expression of encouragement from the Commission?" he asked.

Commission members smiled and indicated that Stainbrook was "encouraged to go ahead" and draw up his plans as recommended by the commission.

British Newspapers Not Enthusiastic About Visit

LONDON — (UPI) — Prime Minister Harold Macmillan's trip to Moscow Feb. 21 will give Premier Nikita Khrushchev a chance to prove the sincerity of his talk about a "thaw" in the cold war, observers here said today.

They said Macmillan's visit, the first of his kind since 1942, will determine whether there is any value to Khrushchev's promises to reduce East-West conflict to an economic race.

THE PRIME minister announced Thursday that he has decided to accept an invitation extended originally to Sir Anthony Eden, his predecessor in office. The British press in general approved his decision — with some big "buts."

The Daily Telegraph warned against "personal visits under duress," recalling the futile scurrying about by former Prime Minister Neville Chamberlain which helped to set up the Munich appeasement talks.

THE TELEGRAPH said Khrushchev's "positively insulting" announcement—just before Macmillan made his decision known—that he has invited President Eisenhower to Moscow "seems to show that it is only into Mr. Eisenhower's ear that he (Khrushchev) intends to whisper his true thoughts."

The Times, while generally favoring the idea of the visit, said Khrushchev's speech in Moscow Thursday "discouraged any easy belief that informal contacts, by some magic, can dissipate the bleak divisions which persist."

Macmillan will be the first British chief of government who has visited Moscow since Sir Winston Churchill went there in 1942. No U. S. chief executive ever has visited the Soviet capital.

Air Pollution Monitoring Stations Record Low Marks

Oxidant levels recorded in three Riverside County Air Pollution Control District monitoring stations were the lowest ever recorded for January in the county, the APCD reported today.

The level maintained by the oxidant reading devices—installed at Riverside, Corona and in San Geronimo Pass by the district—tells the amount of eye irritation, visibility reduction and damage to crops.

Last year, the oxidant concentration peak reading in Riverside City for January 1958 reached 0.26 parts per million which was higher than the 0.14 parts per million this January.

For Corona, in January 1953, Men in the Missouri "backwoods" determine whether a pair of pants will fit them at the waist by measuring the trousers against the distance between the elbow and the clenched fist of one arm.

The concentration reached 0.12 parts per million compared with the 0.11 recorded in January 1959. No comparison can be made in the San Geronimo Pass area because the oxidant recorder was not put in service until July 1953.

Asphalt Plant Granted Permit by Supervisors

An M-3 permit was granted by the Board of Supervisors this week to the Industrial Asphalt of California, a subsidiary of Atlas Investment Corp., to establish and operate an asphalt plant on property two miles northwest of Desert Hot Springs on Little Morongo Road.

Permit conditions recommended by the County Planning Commission include compliance with the county's new air pollution control district rules and regulations which went into effect Sunday, Feb. 1. Since the board's granting took place after that, it will be necessary for the corporation to also procure an APC permit from the air pollution control office.

THE PROPERTY on which the plant is to be situated is owned by Oscar Schicke, adjacent to the rock crushing and screening plant now operated by the Desert Hot Springs Ready Mix, Inc.

The asphalt corporation and its affiliated companies now own and operate 30 asphalt mixing plants in southern California and claim that collectively they are the largest manufacturers of asphalt paving materials in the United States.

SALE OF A certain portion of its aggregates for asphaltic paving material uses is a necessary part of a rock crushing and

screening operation, according to a statement made by the corporation in its application for a permit. Plans call for construction of a new modern plant with a batch capacity of 2,000 pounds.

According to the application the J & S Paving Co. has contracted to purchase 50,000 tons of asphaltic paving materials from the

Industrial Asphalt's new plant, calling for delivery at various dates up to Dec. 31, 1959.

No Trash Burning Should Be Permitted On Calm Days

As the population of the Coachella Valley increases the time is rapidly approaching when it will be necessary to prohibit outdoor burning of large accumulations of trash and rubbish throughout the area.

In the meantime, the various city and county agencies in charge of procedures and issuing of permits for such burning might well make several important changes in control methods to avoid excessive and undue contaminating of the otherwise naturally clear desert atmosphere.

One of the most important of these is the time and conditions under which burning of refuse is permitted.

Presently it seems that almost all such outdoor blazes are lighted during the early mornings of the calmest days when smoke and odors cling close to the surface of the earth and spread out slowly over the desert, and in the case of larger conflagrations, which are becoming altogether too numerous, often polluting the air over much of the southern half of the valley.

Thus the most enjoyable part of an otherwise ideally beautiful day is needlessly spoiled for thousands of people in the affected outlying sections. Generally speaking this is not usually done at the various city dumps but in rural locations where weeds, trimmings and other collections of smoky combustibles are destroyed by fire on the very

days when no burning should be permitted.

As long as outdoor trash burning is allowed, permits should specify that material to be destroyed be placed in an area entirely safe for ignition and touched off only when a sufficient breeze exists to carry the smoke away rapidly and dissipate it into the upper atmosphere without annoyance to desert dwellers.

If this simple policy of timing were adopted it would reduce the undesirable nuisance of trash burning to a bare minimum and greatly aid in preserving clarity of our invigorating desert air.

It might also extend the time until it becomes necessary to abolish rubbish burning completely and adopt the much more desirable system of depositing refuse in suitable depressions and filling the same over with a layer of earth.

This latter system eliminates smoke and odors entirely and with the increasing value of land thus reclaimed actually produces a profit under careful management.

The sooner the cut and fill method is established in all parts of the Coachella valley the better it will be for every resident and our thousands of visitors to the desert.

Meanwhile outdoor burning should be held to the absolute minimum and permitted only when there is sufficient air movement to prevent smoke spreading over the desert floor.

Give Castro Every Chance

WASHINGTON, D. C. — Only the United States showed any horror of the Cuban bloodbath. On-the-spot reporters found the non-American attitude to be: Can six million Cubans be wrong?

Only in America did public opinion rise in indignation and exert a modifying influence upon Fidel Castro, the new dictator. Only in America, where for years we suffered guilt over atomizing two Japanese cities in World War II, is there any real feeling about the sanity of the individual human life, although elsewhere there is much empty talk.

IN THE FAR EAST, life is cheap. In the Middle East, it counts for little. In Africa, cannibalism is still in practice. In Russia and Germany, there have been unforgettable mass executions and extermination of peoples. In Latin America, a firing squad or an open-air capital trial is in the long tradition of the blood sports. Only in America

There are some conclusions that ought to be drawn from all this. For several weeks I have been dragging my feet in hope that some high brow from the Left Bank would draw them. My own earthy ideas in this field have been so often expressed that somebody might suspect me of being prejudiced in favor of America and American ways. It is a soft impeachment, and yet in intellectual circles the pro-American policies always seem to get the razz, and their opposites get the plaudits.

BUT THE CUBAN and Hungarian shootings were protested in this country, and virtually

nowhere else. One conclusion must be that we are the most humane people on earth, and if we take in the whole Anglo-American community, perhaps the only one. This is a high claim to make for one's country, but I am not embarrassed at all. I never had any doubt that the USA is the best of all nations, or that our concept of the individual's importance sets us quite apart.

This is the reason why the USA could not in the foreseeable future join a World State without great loss to itself. On the other hand, this is also the reason why, by standing aside and setting a high standard, we can do an enormous amount of good.

EXACTLY THIS has happened in Cuba. Our standards have had a miraculous effect upon the young dictator. At first he was going to prosecute in person the predestined trials of thousands of his enemies. But see how Castro, given pause by the unfavorable reaction of American public opinion, has steadily retreated from his early boasts and threats.

Nobody can say what will happen tomorrow, but already Castro has changed from secret to open trials, from the sports palace atmosphere to the more somber one of a quasi-courtroom, from thousands down to hundreds and maybe down to scores of prescribed victims. The emphasis of his regime has already shifted from aaked vengeance to something like reform of government operations.

EVERYTHING HE has done since his wild beginnings around New Year's has been an improvement, and the USA has

every right to take some credit. Without the press, the public and the forbearance of our Government, the Cuban revolution might easily have degenerated into a reign of terror.

The crisis period is not over, and this in itself is a good thing. The unresolute state of the revolution allows American influence to continue to work for a happy ending. Castro's reputation in official Washington is that of an immature and hot-headed but idealistic and dynamic leader. His revolution is regarded by Latin American experts as the first grassroots revolt since the one in Mexico more than 30 years past.

CASTRO HAS THE popular following which is at once a frightful temptation and a priceless opportunity. At this writing he seems a little closer to seizing upon the temptation rather than the opportunity. His eyes are apparently on further fields to conquer in Caribbean and Latin American lands. He seeks power and conquest when he should be seeking ways to raise the living standards of his own people.

The best - posted persons in Washington discount any direct tie-up between Castro and the Communists, but they are very fearful that the classic tragedy which closes upon all dictators, from Caesar to Hitler, may overtake Castro and be his doom. But the good angel of the tale - and this ought to be written - is the USA. If Castro steadies his course, if he resists the enticements, if he makes this a truly democratic revolution, it will be largely because he sought the high opinion of this country and was guided by the standards which he saw in us, and nowhere else on earth. —Holmes Alexander.

Big Eater at the Boarding House

This Side of The Sun By Phat

It's a good thing we have no fog, or pretty soon we would have smog. You mix up smoke and fog and what have you got? Smog.

NATURE PROVIDES the fog but man makes the smog. So it's a good thing for us that Nature looks the other way when dishing out fog.

Because we've got men—and women, too—who provide the smoke. Like the other day out east of town.

IT WAS ONE OF the most beautiful days we have had here in some time. Even better than what most people call a "typical Palm Springs day."

Everyone you met on Palm Canyon Drive had a few kind words to say about it. Then I had occasion to ride out east on Highway 111.

AND JUST A FEW miles beyond the city limits, there was one of the biggest bon fires I have seen in some time.

They had been trimming the trees and moving down the brush. Piled it up in one big pyre and touched a match to it.

You could smell it for a mile—and more.

There wasn't much wind and the smoke didn't rise high before it started drifting eastward.

Those on the windward side could hardly see the sun.

THAT COULDN'T happen in Palm Springs. For the city wisely passed an ordinance some time ago banning the burning of brush, trimmings and rubbish. No burning at all during the months when we have the most visitors and in the summer time, only with a special permit.

But out in the unincorporated area, they don't have to worry about such a law.

SO IT'S A GOOD thing that the only unincorporated territory west of us is in the mountains where you can't burn, anyway.

We're on the leeward side of the free-burning area. The desert does produce a haze, from all of the growing things, but that isn't fog.

Mixed with smoke I suppose you could call that smaze.

TALKED WITH a couple of guys on the Drive the other day. One was a restaurateur, the other owned a dress shop.

They were discussing a new business block to be erected here soon.

Said the cafe man: "Six stores in it? Probably three of them will be restaurants."

Answered the dress shop owner: "And the other three will be dress shops."

PRACTICE MAKES for perfection, so we are told.

The youngsters believe in that. The other day I saw a newsboy striving lustily to throw a wrapped paper up on the roof of one of our few two-story buildings.

Probably figured that if he could learn to hit the roof of a tall building, it would be a cinch to lodge the paper on the roof of the prevailing ranch type homes of his customers.

SAYS Cy N Peace—"Even if this is the dawn of a bright new world, most of us are still in the dark."

STAN DELAPLANE'S Postcard

Nearly everybody around here has had a cold recently. First aid is an important part of our life. We can poke in the medical supplies and cure just about anything.

Anything, that is, except what you have got at the moment. "ANYBODY SEEN THE BAND-AIDS?" "WHAT?"

WE THEN DEMAND that everybody shut off the washing machine and the vacuum cleaner. Stop yelling and pay attention while a person is bleeding to death, for heaven's sake! Well, it seems that the last time we saw these sticking plasters, it was up in the attic. No, wait a minute. We were using them to tie up the new rose bushes to the supporting stakes.

Well, maybe we are out of them. I don't have to shout like that. That is no language to use in front of children. Control yourself. Blast! BAST! Grrrrrrrr!

IT IS VERY BAD to keep old medicines in the cabinet. This is stated in all the magazine articles. However, I like a lot of medicines around. Because you never know what I am coming down with.

In our medical supplies, we have aspirin, some big red vitamin pills about the size of pigeon eggs and a bottle of something you can put on dogs to keep them from itching in the summer.

That is the basic equipment. THERE ARE ALSO some pills the doctor gave me when he suspected I had an ulcer. Only it turned out to be something else. Something mild. It has a long name—personally I think the doctor was covering up.

"We all get it once in awhile," he said laughing heartily. "I get it myself."

My doctor spends more time telling me about HIS ailments than listening to mine. No matter what I got, he has had it worse. A frail reed, my medic.

THE EASIEST cure in a well-

ordered household is a bruised child. You cure such things with a kiss. When my 3-year-old boy falls down, he brings the abrasion to me.

We make a thorough examination. Then we diagnose. Then we prescribe.

We prescribe a kiss on the affected part. A kiss and a Band-Aid. It is a sure cure.

WE HAVE 2-year-old bottles of pills to pop you up. And 3-year-old bottles of pills to calm you down. I live in a delicate balance.

It is a nice record of life. A calendar of ailments. Three years ago, they were pulling me off the chandeliers. A year later and you couldn't drag me around. Calm down. Pep up.

WE HAVE SOME pills left over that we used to worm the cat. We have a bottle of nose drops—almost empty but I wouldn't throw it away. If we ever NEED nose drops, there they are.

That is the whole idea of First Aid in my opinion. Be prepared. I do not understand magazine articles that tell you to throw everything away.

I KEEP BODY AND soul together only by such preparedness.

That and a sort of innate medical skill. I blend my medicines: One vitamin pill plus one aspirin plus a dash of that thing the year we all got poison oak.

Thus we stagger through another day. Kissed, plastered and leaping. From chandelier to bed. What a life. But living.

Lou Costello's Daughter

NEW YORK — The beautiful billboard girl on Steve Allen's TV show was Lou Costello's daughter, who's 20 and resembles both Elizabeth Taylor and Erin O'Brien. Asked whether her family name's ever been a problem, she said, "Yes, once I was told there was an article about my father in 'Confidential.' I rushed out to buy a copy and sure enough there was an article about Costello — Frank Costello."

Alfred Hitchcock goes around in this N.Y. winter without hat or overcoat . . . "Just like in California," he told me at Luchow's. Dinah Shore, Lucille Ball and Audrey Meadows were in another party—in another, J. Paul Caney of Carey Cadillac, who wished to send us a drink. "Tell him," said the B.W., "just to send us a Cadillac."

Martha Wright's now rehearsing with conductor Donald Voorhees for a TV spec Feb. 10. Last time she worked with Voorhees she appeared with a famous opera star, and was complimented on making it look romantic by gripping the opera star's hand throughout the scene. "But it wasn't acting," she privately explained, "I'd been warned that he was a great pincher."

After a B'way eatery had a fire a couple of weeks ago, a competitor said, "They finally got some hot food in that joint."

Thirty million bucks — the amount Perry Como's firm, Roncom, would get in only two years if he switches to Wednesday nights for Kraft — seemed like a lot of loot till I figured it out.

His current show costs \$280,000 a week. For 104 weeks that would be \$29,120,000 and Perry'd only net about \$880,000. So don't do it, Per. Ask for more. Big advances to Perry would be week-ends off, no more Perry Mason.

HOLLYWOOD — It might mean death for Boris Pasternak—and that's why his publishers this week turned down a cool one million capitalistic dollars for the movie rights to the Soviet writer's Nobel Prize-winning novel, "Doctor Zhivago." Offer came from co-producers Joshua Logan, James B. Harris and Stanley Kubrick.

Attorneys for Pasternak's U.S. publisher, Pantheon Press, told the trio Pasternak cannot accept the deal because it "might imperil Pasternak's position in the USSR."

Rather than harm the novelist, the three movie men, who would have released the film through Warner Bros., have dumped their plans. "We have no word from Pasternak himself," Harris said, "because he has been under what amounts to house arrest at his home some miles outside Moscow since he won acclaim in the free world. We'll wait."

SOMETHING NEW has been added to Brigitte Bardot — clothes! All the ads and "publicity art" for her new movie, "Babette Goes to War," show her fully clothed. Could be a result of DeGaulle's new "Austerity Program" for France?

Katherine Von Bion, a movie and stage reviewer for the Los Angeles Times, retired after 30 years and got another job. It's Kay's first in a new (for her) line—featured role in Bill Coate's new movie for United Artists, "The Dead Never Die."

Neither, adds the tyro thespian, do old critics! Brutal But True: Comedienne Nancy Kulp applied for the leading female role in th brutally-titled "Atomic Cannibal."

The casting director turned her down with: "Sure, it's a horror movie—but we can't go THAT far!"

Kirk Douglas is starring and producing and Sir Laurence Olivier is his co-star in "Spartacus." The two gladiators have drawn up lines OFF camera as well as on. And all because Kirk, as producer, vetoed some of Sir Larry's wardrobe and armor items, all chosen by his Lordship. Whereupon Olivier delivered this ultimatum: "They're in or I'm out! . . . P.S.: They're in."

I DON'T KNOW how Fidel Castro finds time to run his executions and answer all his phone calls too but apparently he does. Cameron Mitchell long-distanced Castro from Hollywood to seek his okay for a screenplay about an informer in Castro's rebel ranks, with Cam to play the informer. Castro came up with the Cuban equivalent of "Sure," Cam tells me, so he's going ahead with the script, "The 26th of July." Title stems from the fact that Castro's revolution started officially on July

He can tell Irish, German, Italian, Swede and French stories — all in the same dialect."

Jack Waldron spoke similarly of Mickey Alpert, the n.c.: "Mickey was Boston's No. 1 band leader and you know there's nothing lower than No. 1. Ella Logan's logical question: "How can MGM shoot 'The Private Lives of Adam and Eve? It would take every private eye from Sherlock Holmes to Jack Webb to find privacy in the Garden of Eden!"

CHANNEL CHATTER—Young James MacArthur put in a long-distance call to his mother in New York to ask her advice about shooting a pilot film for CBS-TV. "Her name is Helen Hayes," he told the operator, "and I believe you'll find her at the Helen Hayes Theatre in New York." Operator: "Now REAL- LY, sir, isn't that carrying it a little too far?"

Pat O'Brien phoned excitedly: "I hear United Artists is gonna make a picture called 'One, Two, Three.' I hope it won't be called out on strikes!"

HECHT-HILL-Lancaster finally got a script out of the late Sinclair Lewis's blast at phony evangelists, "Elmer Gantry," that's suitable to various ministerial organizations, with Burt Lancaster in the title role. But here goes TV, beating the movies at their game again: "Gantry" can't go before the cameras for months yet, but you'll see Jess Oppenheimer's blast at religious quacks on NBC-TV this Sunday (Feb. 8). It's title: "The Third Commandment."

Roger Smith, one of the 77 Sunset Strip stars, has been bounced off his motorbike by Warner Bros. because of the demolition duels he's been staging with other leather-jacketed lads. "It's his life," a WBiggie said, "but it's our series and we want to finish it with the same actors who started in it!"

EX-PLAYHOUSE 90 nabob Martin Manulis is twelve-testing Fox contractees Ken Scott and John Gabriel for the quick-draw leads in still ANOTHER Western, Fox-TV's The Gunfighter. Manulis is also making motions at Anita Ekberg's mate, Anthony Steel, to join the regulars in this one, as the top heavy.

(Awright, it's Anita who's top-heavy, NOT Anthony. But I'm stuck with the line).

Diane Maxwell guested on a local interview show with Steve Allen last time Steverino visited the Coast. He was so taken with the 17-year-old senior from Washington High School in Los Angeles, he signed her for an appearance on his Feb. 15 show. Meanwhile, Diane has disked an LP album for Challenge Records and will sing one of the songs "from same," "Date Bait," on the show.

MAYOR AT THE MIKE is Irene Nienier, honorary mayor of Berlin and one of the regulars who entertain at the La Quinto Desert Club. Duetting with her here is Kenny Burkheimer, boss of the Kenny B Trio. Teddy Falls is on drums and Johnny Cracker on accordion in the above photo. (Desert Sun Photo).

Dear Abby...

DEAR ABBY: Do you think it is wrong for a man who is married and has three children to go out with other women as long as it doesn't interfere with his home life? Please say it is all right, because I am that man and I swear to you that I love my wife. I only see these women once or twice a week. Please don't use my right name. Just sign it —

"ONE LOVE"
DEAR ONE: What do you think the "forsaking all others" means in the marriage vow? Skip the "other women" and call on your pastor. He'd be glad to explain your part of the marriage agreement.

DEAR ABBY: Our organization gave a party. Among the guests were some single people. As the evening progressed some married couples got going with jokes. Some were cute at first, but later they got pretty filthy. My husband thought this was great, and laughed until he fell off his chair and

was all for telling a few of his own. I stopped him, saying in view of the fact there were unmarried guests, I didn't think it was proper. By this time the jokes weren't fit for mixed company. My husband said the single ones knew more than the married ones. In a situation like this, would you get up and go home, or sit and pretend to enjoy it?

MRS. A.
DEAR MRS.: Neither I'd speak up! When a party starts to show signs of "getting rough" ... whoever calls a halt uses good judgment.

DEAR ABBY: My boyfriend kisses me because he likes to taste my lipstick. This makes me very mad. What should I do?

ELSIE
DEAR ELSIE: If you are over 21 ... kiss and make up!

DEAR ABBY: My problem is financial in a way. We cannot afford to have two birthday parties for each child as we have five

children. The reason why we have to have two parties is because my parents and my in-laws are not speaking and haven't for years. In order to have all the grandparents enjoy the children's birthdays I have to make two parties. I'd like to have just one but I don't want fights and arguments. I'd appreciate knowing how to accomplish this.

NOT RICH
DEAR NOT: Get your parents and in-laws together and tell them

TV Battle Follows Proverbs

By OSCAR FRALEY
United Press International
NEW YORK (UPI) — The "eat, drink and be merry" adage of the ancient arenas fits nicely into tonight's festivities of a pair of television gladiators named Gaspar Ortega and Rudell Stitch.

This is not to infer that the Sapoteco Indian from Mexicali or the cuffling church elder from Louisville, Ky., are playboys. But you can find a heap of angles which bear out the old saw of the ancient cestus wielders.

As example, Gaspar's father was named Aniset. There is a theory along cauliflower canyon that maybe part of the label washed off the bottle but there is no quibbling about the fact that it is a potent potion. Aniset, too. Because Gaspar is one of 10 children.

THEN CONSIDER the case of Stitch, who undoubtedly believes in another proverb to the effect that a stitch in time makes nine. At 26 he has five offspring and while he may never be the boxer of the year, he has a fine start toward becoming the boxing father of the year.

Inferring that Stitch has any spare time seems to be doing him an injustice. The father of Donald, 7; Rudell, Jr., 5; Rodney, 4; Perry, 2, and Janet, 7 months, rises daily at 3:30 a.m. to do his roadwork. After a hurried breakfast he must report to work at 7 a.m. After a full day's labor, Rudell works out in the gymnasium from 5 to 7 p.m., and then drags himself home to get ready for the next day's 3:30 a.m. roadwork. He varies this routine on Sundays.

ORTEGA, Rudell's welterweight rival, is a 23-year-old Mexican of thwarted ambition. As a kid, Gaspar saw a pretty doll toss a bunch of roses to a matador. Gaspar decided to be a bullfighter.

You can get an argument both ways as to which would be the more dangerous profession. But let it be said that after tenures as a shoeshine boy, newsboy and cowboy he became a man and drifted into prize fighting.

Both are better than average performers in the welterweight division.

The ever-busy Stitch had 12 bouts last year and won 10 of them. His victims included such adversaries as Isaac Logart, Yama Bahama and Chico Vejar. An elder in Louisville's Hope Presbyterian Church, the lanky, loose-limbed Rudell has won 17 of 21 bouts and flattened nine rivals.

ORTEGA WAS the number one welter challenger in 1958 but dropped down after losing three of six bouts, two by split decisions. Twice he lost close ones to Don Jordan, the current welterweight champion, and his record shows 47 wins in 63 bouts. He drew the curtains on 20 rivals.

The costly defeats, however, almost made a vanishing American out of the luckless Indian. Which explains why, despite his greater experience, he is a 7-5 outsider against the indefatigable Stitch.

One cannot be blamed, it is supposed, if he roots for the needy Rudell. But can't you imagine the headlines if he gets flattened in the ninth?

"Stitch in nine takes 10."

Gonzales, Sedgeman To Meet in Finals

SYDNEY, Australia (UPI) — Pancho Gonzales of Los Angeles will meet Australia's Frank Sedgeman Saturday in the final of the Jack Kramer tennis tournament being held here. Gonzales advanced to the finals by beating Aussie Lew Hoad, 15-13, 6-4, 6-4, Thursday.

LEWIS AND CIRATA NEAR TOP IN RCL SCORING TO DATE

Joe Lewis and Stan Cirata of the Palm Springs Indians' basketball team ranked three and four in the Riverside County League scoring race as result of compilations after nine games.

Lewis has tanked 124 points for a 13.7 average and Cirata 115 for a 12.8 average. Dick McFarland is up among the leaders with 82 points in eight games for 10.2 average.

Jim Pattison of Hemet leads the scoring race with 170 points and a 18.9 average for nine games with Dick Dean of Coachella Valley second with 162 points and an 18.0 average.

BOB SMITH, Eldorado Polo team ace, just sits and watches them play now. He'll be out of action for six weeks as a result of a fractured collar bone, suffered in a practice match. With him above are Mrs. Smith and their dog who seems very sad about his master's predicament.

Star Polo Teams To Meet Here in Play-Off Sunday

Many polo fans from the Rancho Santa Fe-La Jolla area are expected at Eldorado Polo Fields next Sunday when the finals in the LaMotte Cahu Perpetual Trophy tournament are played starting at 2 p.m.

Opposing teams will be San Francisco and the La Jolla-Rancho Santa Fe teams.

THEY WERE scheduled to meet in the finals at Rancho Santa Fe but unseasonal rains made a mire out of the field and the match was moved to Eldorado Fields at the invitation of Eldorado Country Club.

The tournament, in its fifth year, is sponsored by the Country Friends of Rancho Santa Fe, a charitable organization which raises funds for San Diego County charities.

TOP RANKING poloists will appear on both teams for Sunday's match.

Mrs. Walter Wenke and Mrs. Gail Medlicott, both of Rancho Santa Fe will present individual players of the winning team hand-some copper plaques enameled with the ancient Persian figures recalling the centuries-old origin of polo.

BACK ON THE local scene, Bob Smith of the Eldorado Polo Team will be out of action for at least six weeks, it was reported today.

Smith fractured a collar bone in a practice match and was sidelined by doctor's orders.

His absence will be a loss to the Eldorado team, Captain Will Tevis said, as he is considered the longest hitter in polo today and is rated at five goals.

Carding a best ball 54, the four-some of Mrs. Don McDermott, Mr. Arthur Rolapp, Mrs. Merritt Joslyn and Mrs. Hiscock won the weekly Ladies' Choose-Up play at O'Donnell Golf Club Thursday.

Other scores were:

51—Mrs. Neil Jamison, Ralph Smith, George Dolany, Walter Punsinn.

58—Mrs. George Robertson, Fred Nicholson, Walter McWaters, Dan Wells.

60—Mrs. John Wall, Harry Martin, B. Bolman, Frank DeBendetti.

41—Mrs. E. L. Savidge, William Melcher, B. F. Shearer, Paul Messier.

40—Mrs. Holstein, Roy Maryatt, William Bradley, M. Valentine.

Becerra Seeks Chance at Title

LOS ANGELES (UPI) — Mexico's Jose Becerra eyed the world's bantamweight title today after his slashing 10th - round knockout of former champion Mario D'Agata of Italy at Olympic Auditorium.

The game D'Agata, a deaf mute, was bothered by cuts around both eyes and although there were no knockdowns, his manager asked that the scheduled 12-round bout Thursday night be ended. Referee Frankie Van called it a knockout in the 10th.

MR. BELL SAYS SO, TOO

No Dirty Players in NFL Reports Gifford

By HAL WOOD, United Press International
PHOENIX, Ariz. (UPI) — Frank Gifford, the gifted halfback who would like to play quarterback for the New York Giants, said with a straight face today:

"There are no dirty players in the National Professional Football League."

Then he added he had received this information from Mr. Bert Bell, high commissioner of pro football.

"Every year at training camp Mr. Bell comes around and talks to us," said Gifford. "He tells us all what a great year it is doing to be. And he winds it up by pointing out that there are no dirty football players in the league."

"OF COURSE, Mr. Bell doesn't have to get down on the field with Big Daddy Gene Lipscomb and Gino Marchetti."

Gifford, who has given some thought to retiring, tells of the incident that led to the broken leg for Marchetti in the Giant-Baltimore Colt play-off.

"I was carrying the ball and there were only a couple of minutes of the game left," he recalled. "I had been stopped, but this Lipscomb comes rushing in. The play was over, but he wanted to get into the act. That's what television will do for you."

"ANYWAY, there I was between two of the biggest, toughest guys in football getting jammed. Marchetti came out of it with a broken leg. I didn't get a scratch."

Gifford, who was in Phoenix to appear at the Phoenix Press Box Association awards banquet, said he had run into Marchetti last week at Santa Rosa, Calif.

"Gino told me that the broken leg was the best thing that ever happened to him," Gifford recounted. "As a result of it he has been getting big personal appearance money on the Ed Sullivan TV show, radio shows and the banquet circuit."

Stitch 2-1 Over Gaspar Ortega in TV Bout Tonight

NEW YORK (UPI) — Gaspar Ortega, the "hard luck" Sapoteco Indian from Tijuana, Mex., will attempt to halt his alarming slide in the welterweight ranks when he meets newcomer Rudell Stitch tonight in a 10-round radio-TV bout at Madison Square Garden.

A year ago, lanky Ortega was tops among contenders for the 147-pound crown, now held by Don Jordan. However, he lost four of his last seven fights on disputed decisions, skidding to No. 6 in the rankings.

Stitch, although unranked, is a 2-1 favorite for tonight's bout, which will be televised and broadcast nationally, starting at 7 p.m. p.s.t.

To Meet Powell

SAN DIEGO (UPI) — The winner of tonight's Coliseum bout between Bob Albright and Otis Fullmer will meet San Diego heavyweight Charlie Powell, according to matchmaker Ernie Fuentes.

DELANEY SUBMITS ENTRY

NEW YORK (UPI) — Ron Delaney of Ireland and Milanova has submitted his entry for the Matti Hala, 880 in the New York A. C. games at Madison Square Garden, Feb. 14.

Young Golfers in Lead in Phoenix Open First Day

PHOENIX, Ariz. (UPI) — The youngsters were in command as the second round of the \$17,500 Phoenix open golf tournament got under way today on the Arizona Country Club course.

Jerry Agee, 25 - year - old from Toronto, Canada, was in front with a 7-under-par-63 — a course record.

Right on his heels were three youngsters each 23 years old: Joe Campbell, Knoxville, Tenn., with a 64; John McMullin, Alameda, Calif., with a 65; and Tommy Jacobs, Whittier, Calif., with a 66.

While such proven veterans as defending champion Ken Venturi; former Open champions Julius Boros and Jack Fleck; top money-winner Bill Casper and others were struggling to crack the par of 70, the youngsters were relaxed on the lightning fast greens.

There was a four-way tie at 67, featuring Gene Littler, San Diego, Calif.; Bob Harris, Winnetka, Ill.; Paul O'Leary, Bellflower, Calif., and Marty Furgol, Lemont, Ill.

Masters champion Arnold Palmer had a 68 with a masterful round, but couldn't get the putts to drop.

Tied at 68 with him were Bob Duden, Oswego, Ore.; Paul Harney, Auburn, Mass.; Jimmy Clark, Huntington Beach, Calif., and Bill Johnston, Provo, Utah.

Indians Meet Last Place San Jacinto There Tonight

Fight to Remain in 3rd Place

Four games off the pace with only five to go, Palm Springs High School Indians today were hopelessly out of the race for top honors in the 1958 Riverside County League basketball race and with three tough foes to come, face a struggle to remain in third place.

This afternoon Coach Jim Workman's boys boarded busses for San Jacinto where they meet the Tigers on their home floor in two games, the Bees at 7 o'clock and the Varsity at 8.

THE BRAVES have a 5-4 record to date but have Banning (9-0), Elsinore (5-4) and the up and coming Hemet Bulldogs (3-6), ahead.

When San Jac and the Tribe met in the first round on the local floor, the Indians won, 49 to 41. San Jacinto hasn't won a league game to date but has been improving steadily.

AS OF NOW, the Indians have scored 449 points and given up 437 in winning five games out of nine.

The Tigers have scored 329 and yielded 452 in losing all of their games to date.

In the Bee division, the Papoose outfit has won two and lost seven, scoring 301 to 337 for their opponents. San Jacinto Bees have scored 291 and given up 406 without winning a game.

IN OTHER GAMES tonight, Hemet Varsity (3-6) goes to Beaumont, (3-6); Banning, riding the top of the league with a 9-0 record, is at Elsinore (5-4) and Coachella (7-2) goes to Perris, (4-5). The Indians go to Banning next Tuesday to meet the league leaders.

Forfeits Cancel Both Games in City Cage Loop

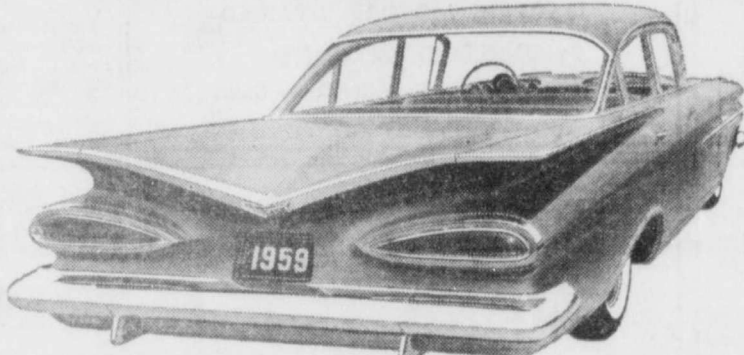

Action was blacked out in the City Basketball League last night when Chuck's wedding forfeited to Laury's Steak Ranch and Mazzulla Masonry defaulted to Smoke Tree Stables.

They were unable to drum up full teams.

The forfeits left the standing at the end of the second round of play, with the third round due to start next Tuesday, as follows:

Laury's	9	1	.900	414	281

CHEVY'S NEW HI-THRIFT 6

More miles are back in a gallon of regular-grade gas—up to 10% more—and Chevy's new Hi-Thrift 6 engine puts them there. It also gives you more "git" in the speeds you drive the most.

Here's an engine that always seems able to coax extra miles out of a tank of regular-grade gas. In fact, if you're one of those drivers who keep tab on things like gas mileage, you'll soon see for yourself that this new Hi-Thrift 6 gets up to 10% more miles a gallon.

Another thing you'll like about this 135-h.p. 6 is the

extra pep it gives you for passing and climbing hills. This is due to higher torque at normal speeds.

It may be hard to believe anything that looks and moves like this '59 Chevy can be such a stickler for economy. But—whether you pick the Hi-Thrift 6 or a vim-packed V8—this is just one more reason Chevy's the car that's wanted for all its worth. Stop by your dealer's and see.

The smart switch is to the '59 Chevy!

Bermuda Dunes Area

Property Owner Zone Need Asked

PALM DESERT — Plans to determine the zoning preference of property owners within the area included by the recently organized Bermuda Dunes Area Property Owners Association were launched Wednesday morning at a meeting of the management committee of the association, held at Firecliff Lodge.

George Higgs, chairman of the management committee, said a number of sub-committees have been appointed. They will contact property owners in the sub-areas, asking their individual zoning preferences.

A DETAILED OVER-ALL map depicting these suggestions, will then be drawn up and presented to the management committee for discussion at their next meeting.

"No action will be taken by the management committee of the association, until the plan has been presented and approved by the majority of property owners at a

meeting duly called and published in the newspapers," Higgs said. "This will be done at least two weeks in advance."

HIGGS ALSO REQUESTED all property owners within the area to contact the following persons:

Ernie Dunlevie from Avenue 44 north to the railway and one-half mile east of Washington to Burr. Stanley Stelle from Avenue 48 to 46 and from Van Buren to Washington Street. Henry Ford from Avenue 46 to 44 and from Washington Street to the canal.

Samuel Carpenter from one-mile east of Washington to 2½ miles west of Washington. Leonard Swingle in two areas: From 99 south to 46 between Burr and Monroe, and from Highway 99, one-half mile north to Burr.

Residents within the area which the county proposes to zone A-1-5, all lying northerly of 99, are requested to contact Mel Kent, Sam Carpenter or Robert Udall.

Surprise Party Launches Road Improvement Drive

PALM DESERT—A community spirit reminiscent of the early American pioneering days was evidenced this week at a surprise party given for Lou Kuehner's "Leisure Loft." The party, planned by some 50 students and friends launched a fund campaign for the improvement of the road leading off Highway 111 to the old Warner Ranch which houses the Loft.

Admission to the party and a minimum charge for refreshments was in charge of Betty Ring, Loft art student, and square dancing, called by Bob Blackburn, was enjoyed throughout the evening.

Included among the guests were Betty Ring with daughter, Nancy, and mother, Mrs. Amy Worth, Mr. and Mrs. Dick Demain, Mr. and

MAJORIE REED PAINTINGS ON EXHIBIT AT PALM DESERT

PALM DESERT—Now on exhibit at the Desert Magazine Art Gallery in Palm Desert, is the work of Marjorie Reed, one of the leading contemporary Southwestern artists. Miss Reed's paintings will hang at the admission-free gallery during the month of February.

The artist started painting at an early age, and at 20 attracted the attention of the famed Western painter, Jack Wilkinson Smith, who adopted her as a protege.

SMITH WAS CAREFUL to develop her natural talent without changing the style of painting which was so thoroughly her own. The Old West—stagecoaches, horses, prospectors, Indians, stage drivers, desert waterholes—are

the predominating subjects of Miss Reed's work.

AUTHENTICITY RANKS with sparkle and action as the chief characteristics of her art. She has done considerable research on the Palm Springs-Colorado Desert area, featured in so many of her paintings.

The gallery is open seven days a week during the winter season, from 9 to 5.

There were 1,828,660 full-time students on American college and university campuses this fall, an increase of 4.1 per cent over 1957, according to a survey.

PALM DESERT — Five custom homes designed by desert architect John Outcalt are included in the first phase opening of Desert Gardens, the newest, most exclusive site-and-home development in this desert community.

New Chamber Publicist Introduced at Meet

Highway Group Proposed

PALM DESERT — Russell Tate, newly appointed publicity director for the Chamber of Commerce, was formerly presented to members and friends at an open meeting at Firecliff Lodge, attended by approximately 40 persons.

Tate said, in what was probably one of the shortest acceptance speeches on record, that he felt honored by the confidence placed in him. He added that he had no specific plans for organizational changes in the Chamber until he had had time to determine the needs of the community. He requested that members and residents express their desires.

ALONG THE LINES of Chamber innovations, however, was the proposal by Ed Welcome for the immediate organization of a Business Property Owners Association, which would plan improvements for Highway 111 and other accessible roads, submitting these plans for Chamber approval.

A local publicity campaign for the Ryder Cup Matches, scheduled for the Eldorado Country Club in November, was briefly outlined and Phil Franklin, presiding president, observed that it would be an opportunity for Palm Desert residents to show friendliness and to publicize their facilities for overnight and weekend stay.

JIMMY HINES and William Daugherty of the Eldorado Country Club, pointed out that there would probably be some 5,000 visitors to the area during the ten-day period of the matches.

Edith Eddy Ward, committee chairman for hiway beautification, gave a short progress report, and explained that action will be delayed until the Chamber of Commerce receives word from the State and county road department, regarding the Chamber's proposed plans.

Louise Gunsolus Returns to PD

PALM DESERT — Louise Gunsolus has returned from a combined business and pleasure trip to Corona del Mar, where she saw her granddaughter, Judy Barker, initiated into Job's Daughters.

Natural Gas Survey Asked By Chamber

LA QUINTA — More than 80 local and out-of-town members of the La Quinta Chamber of Commerce, voted approval on a natural gas survey for the area at a Chamber meeting held at the La Quinta Desert Club.

The necessity of improved television reception for La Quinta was also discussed, and a progress report was given by the TV Club, which is bringing in better reception on additional channels 2 and 4.

A vote that the Chamber combine all charity donations to United Fund contributions was unanimous, and the presiding president remarked that this was the first time in his experience that a motion had carried unanimously.

New board members Milton Hoffman, well known Realtor, and Horace Stott were introduced.

Session to Meet Monday Night

PALM DESERT — The Session will meet at the home of Clifford Young on Paintbrush street at 7:30 p.m., Monday. Plans for a new men's club for the church will be presented at that time.

Gardening in the Desert

For us, here in our desert, with the possible exception of sun-loving Zinnias, seeding time is a thing of the past for this season. However, it is not too late to plant flat-raised garden Verbena, Scabiosa, Pansies and Violas, Snapdragons, Petunias, Larkspur, Delphinium, Sweet Alyssum, Shasta Daisy, Sweet Willow, Phlox, Honey Bell and others.

Almost all of these may be found on flats at your local nursery; if not, your nurseryman will gladly get them for you, and if he—and you—have the time to spare he will explain the watering process most productive for each of them.

ALL VARIETIES of garden flowers do not call for heavy watering, quite a few of them detest soggy soil and demonstrate the fact by wilting away, so keep the drier plants away from those that require more watering. He will, no doubt, also list those that are acid-loving and bloom better if treated as such; point out those that bloom best in slightly alkaline soil; and indicate which of them thrive best in full sun, semi-shade or full shade.

However, you can only get this reliable information from a nurseryman who has had many, many years of desert experience. We have learned not to place too much reliance on the word of the men working around the nursery grounds; one time we got bitten by listening to them instead of following the advice given us by the experienced nurseryman. If he reads this he will probably remember the incident.

IF YOU HAVE NOT planted all your Gladioli bulbs you can still plant the rest to fill in that trench and have a few later Gladioli. In May they will begin to disappear for this season. Despite a comment to the contrary we have, in the past, raised some Gladioli as large and beautiful as we have had the pleasure to see, so until you are really convinced, do not listen to the pessimists.

We have received some complaints of crab grass making its appearance in local lawns, especially Dianthus lawns. (We don't capitalize crab-grass, it's too mean an operator.) The true crab-grass is a damaging weed and should be treated immediately when it puts in an appearance on the lawn.

BE IT GRASS, Dichondra, Lipia, or other ground covers, if crab-grass is not eliminated early your hard work will go for naught this year. In our opinion the worst point is that crab-grass flourishes in hot weather—which we get a lot of—and a summer lawn has little to do but wilt.

Be thankful that crab-grass can be eliminated when young, the general opinion seems to be that crab-grass if allowed to get older and more established more of the present destroying material will entirely eliminate the pest. Let's not get too pessimistic, decide to treat it when it's still young.

3 MI. W. of Redlands, Cal. We have the largest assortment of Cacti and succulents in the U. S. from 1" to any size. Imported Yuccas, Palms and Tropicals. You are welcome.
25309 Hwy. 99 P.O. Box 6-0854
LOMA LINDA, CALIFORNIA

YOU WILL FIND deterring mixtures advertised in newspapers and magazines; generally they contain chlordane, sodium salt or arsenic or a mixture of each, and the advertisement says the mixture has no ill effect on grass lawns or dichondra. If you are one of the sufferers from crab-grass be sure you diligently study the instructions that accompany the mixture—too much is liable to distinctly harm your lawn any way.

Not until you are persuaded and satisfied the pest is crab-grass should you spread any of the potent mixture; there are various harmless grasses such as the fine wintergrass that appears in gardens this time of year, but if someone who knows and tells you that the pest is wire grass, fall grass, or finger grass and they happen to be right you still have crab-grass.

Reference Book on Stucco Wall, Ceiling Finishes Ready

For the first time in the history of the construction industry, a reference book on manufactured stucco wall and ceiling finishes has been written for architects, builders, plastering contractors and code officials. Charles H. Kingsland, newly-re-elected president of the Stucco Manufacturers Assn., Inc., of California, producers of the manual, announced today.

The easy-to-read "Specifications and Standards for Manufactured Stucco Finishes" is the climax of a year long study and research program by the association, and

is the first reference book on stucco finishes, and the first standards for exterior and interior finishes ever prepared and endorsed by an association of manufacturers.

"The specification manual," Kingsland explained, "is in answer to demands by construction specialists for authoritative information on colored stucco, which is the base for textures that are finding increasing favor among architects and property owners." All instructions in the uses of stucco finishes are fully detailed in the new reference book.

Also at the Ball will be trick riders Edith Happy and Pat Norn, who will be riding in the Rodeo events, and arena director Don Happy.

The crowd will be increased by numbers of the doctors and their wives who are in convention at El Mirador.

This is not a benefit affair and admission is only \$7.50, including dinner, tax and tip.

One Way To A Man's Heart!

As a "love potion" for a Valentine's Day party try these delicious little coconut cupcakes delicately decorated in pink. For a lovely looking centerpiece, use these to outline a heart-shaped arrangement of frilly paper doilies. In the middle of the doily heart, place a real Valentine, gay with ribbons . . . or a heart-shaped box filled with tiny Valentine favors. At dessert time, serve the cupcakes with strawberry ice cream, to carry out the color scheme.

Coconut Cupcakes
1 1/2 cups sifted cake flour
1 1/2 teaspoons double acting baking powder
1/4 teaspoon salt
1/2 cup butter or other shortening
1 cup sugar
2 eggs, well beaten
1 cup milk
1/2 teaspoon vanilla
1 cup Angel Flake Coconut
1 recipe butter frosting
1 1/2 cups flaked coconut tinted pink, if desired
Sift flour once, measure, add baking powder and salt, and sift together three times. Cream butter, add sugar gradually, and cream together until light and fluffy. Add eggs and beat well. Add flour, alternately with milk, a small amount at a time, beating after each addition until smooth. Add vanilla and coconut and blend. Turn into paper liners set in muffin pans, filling about half full. Bake in moderate oven (375°F.) 15-18 minutes, or until done. Makes about 20 cupcakes. When cooled, spread butter frosting over top and sides and at once dip or roll in flaked coconut which has been tinted pink, if desired.

Veteran Musician Cliff Warner Hopes to Revive 2-Beat Jazz Band

By GEORGE LAINE

On a Sunday afternoon in 1940, a strange melange paraded into the town square at Mount Pleasant, Iowa, took places and played a concert for a crowd of some 2,000 people.

Concerts didn't usually draw that big in Mount Pleasant but this concert was different — the band was composed of inmates at the Mount Pleasant State Mental Hospital and the concert was part of their occupational therapy.

"I ORGANIZED that 25 - piece concert band out of crazy people," said Cliff Warner, who now has custodial responsibility for the new Palm Springs High School Auditorium. "The people in charge of the hospital figured that playing music would get the minds of those inmates of their trouble and into something constructive."

"It worked real well, too," Cliff said, rubbing the palm of his hand down the side of his jaw. "A lot of those people were eventually rehabilitated by music. And I think the band I put together at Mount Pleasant was one of the best I've ever directed."

BY THAT DESCRIPTION, Warner really gave the mentally disturbed musicians an accolade. Now 58, Cliff had direction of a couple of the best-rated two - beat bands of his day back in the Midwest. He played in saloons, at church functions, on Ohio riverboats, in top hotels and he has seen musical modes come and go.

"I can't remember not playing my trumpet," Cliff said yesterday, sitting backstage at the auditorium. "I always had it with me."

As he spoke, he fingered a battered Martin trumpet.

HE BOUGHT the horn in 1924, but he'd had a couple of other trumpets before that. He started by taking piano lessons at age 12 in Danville, Iowa. He graduated to trumpet when he was 15 and two years later played his first gig — for cash — for a local dance. By then, he'd also mastered drums and he played those, too.

Danville was part of the Midwest's famous "Bible Belt" and citizens of the community usually went to church or stayed home. The church, Cliff recalls, had functions almost every night.

By 1921, when he was 20, Cliff moved out of the local circuit and had joined Scotty Latham's 6-piece band, a group that played for club dances and community affairs in and around Muscatine, Iowa.

"DIXIELAND was coming in pretty strong then," Cliff recalls, "and we used to play things like 'Muskra Ramble', 'Jelly Roll Blues' and — like that."

He stood 6-1, weighed in at about 250 and, according to one newspaper of the day, "can blow harder and louder than any trumpet player in the state of Iowa."

He quit his job with the Dan Agnew 9-piece band — it traveled through the Midwest — when Clarence Elder asked him to come aboard the steamer Washington, then plying the Ohio River from Pittsburgh to Louisville.

"THEY SURE NAMED it right

WHEN CLIFF WARNER feels like showing off a little, he sits down at a piano, picks up his trumpet and plays a little "Jelly Roll" or "Rampart Street Parade" for the listeners. Mostly, he just likes to keep up his lip and has issued a call for other devotees of Dixieland who'd like to play a little two-beat jazz. (Desert Sun Photo).

when they called it 'Beautiful Ohio' in that song," Cliff sighed. "That's the prettiest piece of water I ever saw."

He remembered the rough trips —he made three tours on the excursion boat in five months—the high tides, the way the steamer had to hug the bank to make progress against heavy currents.

"We really had to play hard to fill that ballroom with music," Cliff reminisced. "Kids playing today, with microphones and all that—they don't know how lucky they are."

CLIFF ALSO SANG with that riverboat band — using a megaphone in the best Rudy Vallees style. One newspaper in one of the river-edge towns the boat stopped at remarked that Cliff could not only play trumpet louder than most anybody, but could also be heard singing several miles up or down the river.

"The people always wanted me to sing," Cliff remembered, "but I wanted to play my horn."

He rubbed a weathered hand across his mouth and remembered something else.

"WHEN I WAS playing on that steamer, I had a callous on my upper and lower lip just like you'd get on your hands."

In 1927, Warner figured he'd had enough playing for other band leaders. He formed a 12 - piece band in Keokuk, Iowa, that included four saxes, two trumpets, one trombone, a piano, banjo, violin, drums and bass horn.

"We hadn't started using base fiddle yet," Cliff pointed out. "That was considered a symphony instrument then. A good bass horn player was a real necessity for most bands."

cian Archie Long, played a bass horn in that same band and if you want to see some reveries recounted, get the pair of them together some time, sit back and listen to the tales.

THE BAND CALL — which Cliff had said he wouldn't heed — became too great in 1938 when ex-Paul Whiteman sax star Ross Gorman formed a band in New York and called for Cliff to take the first trumpet chair. He was 37 then, but the horn was as loud and as sure as ever.

His directional tour at the Mount Pleasant institution was his last professional contact with music. Since then, he has wanted to be near his wife, Vesta, and the rest of the Warner offspring. That includes Della, who lives here now. Cliff, Jr., who is a paratrooper in the U.S. Army, and Danny, who is still in Muscatine with Mrs. Warner. Cliff is living at 1535 North Indian Avenue, but intends to bring his wife and youngest son here as soon as he can locate a house.

IN THE MEANTIME, Warner figures, he doesn't have to sit in idleness.

"Archie and I were thinking that maybe there's some other old-timers around here who'd like to get together and make up a Dixieland band. Like the ones we used to have," he sighed deeply.

"I can play trumpet and Archie can play bass horn or drums."

"But we'd need a piano player, a bass fiddler, a guitar or banjo and maybe a clarinet."

"Boy-on-boy," his eyes brightened at the prospect, "would we ever wake some people up around here."

Lonely Heart

COLUMBIA, Mo. — (UPI) —J. W. Atkins, 99, says he can cook, but he's getting tired of it and would like to find a wife, about 65 to 70, in good health, who would do the cooking for him.

Atkins also said his future wife should be stout and even-tempered.

"I enjoy living and want to live longer," he said, "but it sure gets lonesome when you have no one around to think about you or talk to you."
